

Primary School Sports Funding Policy and Report 2016/17

The government are spending over £450 million on improving physical education (PE) and sport in primary schools.

Funding is allocated directly to primary school Headteachers and schools can choose how they use the funding, for example to:

- hire specialist PE teachers or qualified sports coaches to work with primary teachers during PE lessons
- support and involve the least active children by running after-school sports clubs and holiday clubs, e.g. the [Change4Life](#) clubs
- provide resources and training courses in PE and sport for teachers
- run sport competitions or increase pupils' participation in the [School Games](#)
- run sports activities with other schools

Principles behind using the Primary School Sports Funding at The James Oglethorpe Primary School

- | |
|---|
| 1. We recognise the contribution of PE to the health and well-being of the children. |
| 2. We believe that a varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all our children. |
| 3. We aim to meet the principle needs of all pupils through quality first teaching of PE during the routine teaching timetable. |
| 4. We will then ensure that appropriate additional provision is made for pupils who wish to take part in enrichment or extra-curricular sporting/PE activities. |
| 5. In making provision for spending the Primary School Sports Funding we aim for sustainable impact rather than short term wins. |

Accountability:

Since September 2013, [Ofsted inspections](#) report on PE and sport provision and on how schools spend their additional funding. They also hold schools accountable by requiring them to publish, on their websites, details of how they spend (or will spend) their PE and sport grant. Schools must also include detail about the impact this funding has on pupils' PE and sport participation and attainment.

Primary School Sports Funding 2016-17

Total amount of PPG received 2016-17	Carry Forward from 2015/16 = £11,029 Funding = £3,892 PLUS = £5,445 TOTAL = £20,366
--------------------------------------	--

Summary of Spending 2016-17

Our Primary School Sports Funding will enable us to continue and further extend our P.E. provision through the following initiatives.

Item/ Project	Cost	Objectives/Impact
Training our staff to deliver in-house quality PE sessions.	£2,250	Havering Sports Collective
Entering into more competitive sports events.		
Offer a more diverse range of 'taster' sessions in sports usually unavailable at Primary School		
CULRP Rugby Academy with Scott Murphy and inter schools competition.	£2,850	<p>To allow all pupils from Yr 2 upwards to experience high quality coaching in this sport over the year and take part in competitive inter-schools Rugby Festivals with local cluster schools.</p> <p>To drive rugby forward within the locality group and compete with the leading schools within the London Borough of Havering and surrounding areas.</p> <p>To build on the foundations in place, provide support, vision and direction to the Schools' rugby programmes.</p> <p>To increase participation levels both male and female and develop the player pathway between School, Club and County.</p> <p><u>Impact</u> To be assessed at the end of the programme</p>

The James Oglethorpe Primary School

<p>Imoves Dance UK Ltd <i>These resources cover dance, gymnastics, athletics, pilates, drills for ball games including football, basketball and tag rugby as well as fundamental skills for key stage one. They have been written by leading experts, including Gary Kirby who worked with Beth Tweddle and recently wrote the British Gymnastics Association guidelines for schools, and Gaye Holmes, the UK's leading authority on using Pilates effectively with children.</i></p>	<p>£1,200</p>	<p>Over 270 lessons are available, including downloadable music, lesson plans and materials, as well as streamed interactive teaching movies with expert demonstration.</p> <p>Impact From a viewpoint of sustainability/legacy, this programme particularly increases staff skills and confidence around PE and dance with reduced planning and preparation time as everything is already in place.</p> <p>At the recent staff inset our PE Lead ran, staff were very pleased to have a range of quality music and particularly like that the music is extended for practice which helps develop routines that children put together. This programme gives opportunities to get children active across the curriculum as many of the dance topics are topic based and therefore we will be able to make strong links.</p> <p>Pupil progress is assessed and outcomes measured so that we can clearly see an pupil progress in this area.</p> <p>As all the dances etc can be downloaded, this system will remain in place and can be used for several years to come.</p>
<p>To create a sustainable play environment that promotes positive physical activity.</p>	<p>£14,066</p>	<p>To fund the future refurbishment of both playgrounds to support team and competitive games (netball court re-marked, five-a-side etc)</p> <p>Anticipated Impact To provide more active playtimes for pupils with a focus on physical activity and interactive games. We will work with a commercial company to audit playground provision and plan to create an improved environment that allows children more opportunity for sports activities and more chances for physical activity at break and lunchtimes in both playgrounds.</p>
<p>TOTAL SPEND</p>	<p>£20,366</p>	<p>NB: This figure may be less if the playground projects do not total £14,066</p>
<p>CARRY FORWARD</p>	<p>£0</p>	

Primary School Sports Funding 2015-16

Total amount of PPG received 2015-16	Carry Forward from 2014/15 = £5,306 Funding = £3,892 PLUS = £5,445 TOTAL = £14,643
--------------------------------------	---

Summary of Spending 2015-16

Our Primary School Sports Funding will enable us to continue and further extend our P.E. provision through the following initiatives.

Item/ Project	Cost	Objectives/Impact
Training our staff to deliver in-house quality PE sessions.	£2,250	Havering Sports Collective.
Entering into more competitive sports events.		
Offer a more diverse range of 'taster' sessions in sports usually unavailable at Primary School		
Working with additional sports professionals to enhance provision, coaching and provide further CPD for our own staff	£630	Stretch UK Sports Ltd Lunchtime Multi Sport Club – Spring & Summer term Football Club – Summer Term
Youth Sport Direct <i>To purchase Quicksticks Hockey Resource Pack containing the Curriculum Resource and Challenge Cards, making it a complete resource and support guide for the delivery and facilitation of the Quicksticks game.</i>	£51	Quick sticks hockey is something the school has a lot of equipment for – we have class sets of hockey sticks, but very few resources for the teaching of hockey. This was a way to upskill staff (juniors) and give them greater confidence to teach hockey. We do enter Quicksticks hockey competitions, so this will enable us to have a more competitive edge.
To set up a permanent orienteering course across the school site.	£825	<ul style="list-style-type: none"> • Mapping - Presented on a cd with lesson plans, games, activities plus the software used to edit the control locations. £600 • Permanent plaques. 25 red and white plaques

The James Oglethorpe Primary School

<p>To set up a permanent orienteering course across the school site. (cont'd)</p>		<p><u>Impact</u> An orienteering course is a permanent course, which means that there is a legacy from this spend that we can use to introduce orienteering to all current and future pupils. It allows us to compete in local competitions, organised through the Havering Sports Collective and enables us to host primary competitions. Orienteering as a sport is a great cross-curricular vehicle, allowing us to put maths and geography skills such as mapping skills and co-ordinates into action. As a team sport, it means that children are motivated to work together, building up their team skills, their leadership skills, their resilience and problem solving skills which we believe are the keys to becoming a successful learner and which develop into successful adulthood.</p>
<p>To create a sustainable play environment that promotes positive physical activity.</p>	<p>£11,029</p>	<p>To fund the future refurbishment of both playgrounds to support team and competitive games (netball court re-marked, five-a-side etc). <u>Impact</u> This portion of funding was needed to be rolled forward into the next financial year as the project could not be undertaken due to building and site works.</p>
<p>TOTAL SPEND</p>	<p>£3,756</p>	
<p>CARRY FORWARD</p>	<p>£11, 029</p>	<p>Playground project could not be carried out this financial year due to LA commissioned works on site throughout the school shutdowns to bring site up to compliancy in terms of health and safety.</p>
